# Booking Form Market Overview Filtration „Applications, Technology, Services“

**Please mark the respective products.**

Please send the completed form back to us by fax to +49 69 150 433-55 216

or by e-mail to s.wahbi@kepplermediengruppe.de

Raw material	
Fibers	
Granulate	
Functional additives (e.g. charcoal)	
Adhesives	
Finishing agents	
Coating agents	

Filters for dry filtration	
Woven textiles	
Knitted textiles and warp knitted textiles	
Nonwovens	
Composites	
Wetlaid nonwovens	
Papers	
Finest fiber nonwovens (e.g. meltblown)	
Research and development	

Filters for wet filtration	
Woven textiles	
Knitted textiles and warp knitted textiles	
Nonwovens	
Composites	
Wetlaid nonwovens	
Papers	
Finest fiber nonwovens (e.g. meltblown)	
Research and development	

Finishing	
Cutting	
Sewing	
Bonding	
Forming	
Pleating	
Punching	
Welding	

Testing	
Testing equipment	
Filter test rigs	
Test execution	
Software development	
Inspection systems	

For applications in ...	
Exhaust air treatment, air condition and ventilation	
Waste water treatment	
Water filtration	
Automotive industry	
Chemical industry	
Medical industry	
Pharmaceutical industry	
Household and food industry	
Painting industry	
Heavy and cement industry	
Oil separation	
Water separation
